EXPERIENCE

MMCY Tech — VermaSoft Department | Addis Ababa, Ethiopia

Sales Development Representative (SDR) — Two Separate Engagements

2023 – 2026

- Executed multi-channel outbound outreach campaigns (cold calling, targeted emailing, and professional messaging) to generate qualified sales opportunities.
- Researched target accounts and identified key technical and business decision-makers across international markets.
- Qualified inbound and outbound leads against target criteria before scheduling high-value discovery calls and demonstrations for account executives.

National ID Program of Ethiopia (Fayda) | Addis Ababa, Ethiopia

Software Quality Assurance (SQA) Specialist / Intern

- Executed functional, regression, and user acceptance testing (UAT) across critical identity management platforms and enrollment subsystems to verify compliance with strict national standards.
- Collaborated with engineering and product teams to analyze system requirements, author comprehensive test cases, and document defect lifecycles from discovery to resolution.
